PROFILE

Enthusiastic and motivated Computer Science graduate seeking an entry-level position . Proficient in JAVA, HTML, CSS,MYSQL, JAVASCRIPT and REACT with a strong foundation in Java development, web technologies, and database management ,web development and database management. Eager to contribute technical skills to develop innovative solutions and support organizational growth.

EDUCATION

Siddharth Institute of Engineering and Technology	B.TECH(CSE)	GPA:9.2/10	2021-2025
Sri Sai Jyothi Junior College, Puttur	MPC	GPA:7.6/10	2019-2021
Little Flower English Medium HighSchool		G PA:8.8/10	2018-2019

PROJECT

Smart Job Portal (Full-Stack Web Application) [View Code](#)

- Developed a complete job portal system including Job Posting, Job Search, Apply Job, Login/Signup
- Implemented session management, authentication, and secure database connectivity.
- Designed a responsive UI with clean layout and interactive features.
- Followed MVC architecture for better code structure.
- Technologies: Java, JSP, Servlets, JDBC, MySQL, HTML, CSS, JS.

Portfolio Website [View Code](#) [Live Demo](#)

- Built and deployed a personal portfolio showcasing skills, projects, resume, and contact section.
- Added responsive design, hover effects, glowing effect.

INTERNSHIPS & TRAINING

Full Stack Java Developer – TAP Academy March 2025-Sept 2025 [View Certificate](#)

- Completed intensive training covering Core Java, Advanced Java, JDBC, JSP, Servlets, MySQL, and web development using HTML, CSS, JavaScript, React.
- Worked on real-time projects, debugging tasks, and industry-level coding challenges.
- Strengthened end-to-end development skills from backend logic to responsive UI design and deployment-ready applications.

Java Intern – Oasis Infobyte Aug 2024 – Sept 2024 [View Certificate](#)

- I gained hands-on experience in designing, developing, and debugging Java applications.
- Skills Acquired: Enhanced proficiency in Java programming, including object-oriented principles, code optimization, and debugging techniques.

Web Development Intern – Elewayte Dec 2023 – Jan 2024 [View Certificate](#)

- I learned HTML, CSS, JavaScript, PHP, and SQL through recorded training sessions
- Applied skills to design and develop a responsive Traveling Website project.

SKILLS

Languages & Concepts: Core Java, OOPS Concepts, Multi-Threading, Collection

Frontend: HTML5, CSS3, JavaScript, React.js

Backend: Advanced Java (JDBC, JSP, Servlets)

Database: MySQL (CRUD, Joins, Queries)

CERTIFICATE

Java object-oriented programming LINKEDIN [View](#)

- Completed a 2-hour course on August 22, 2024, mastering core OOPS concepts and I Gained practical skills for designing scalable, object-oriented Java applications.

The Joy Of Computing Using Python NPTEL [View](#)

- Completed a 12-week online course . I Learned programming fundamentals and problem-solving techniques through pre-recorded lectures and assessments.

Project management fundamentals IBM Skills Build [View](#)

- I gained in-depth knowledge of project planning, risk analysis, and execution techniques. Empowered with the skills to lead teams and deliver projects with excellence.

SQL And Relatoinal Database IBM Skills Build [View](#)

- I gained strong skills in writing efficient SQL queries, performing CRUD operations, using joins, and understanding relational database fundamentals..
